WARDROBE

Wardrobe is extremely important for your photo shoot! We do on average 4-6 looks / wardrobe changes, but bring more than that so we have options to choose the best from. The more you bring for options the better. Unless you're doing our **Two Look Photo Shoot** where we are only shooting two wardrobe changes, bring maybe 3 or 4 options to choose from. Please make sure your clothes are washed and ironed! We do have a clothing steamer and will steam your wardrobe to get out any wrinkles from packing or travelling.

WARDROBE DONT'S

- NO STAINS - clean wardrobe only
- No Logos, Graphics or Busy Patterns. Solid colours work best
- No neon or bright reflective clothing
- Shirts that are SEE THROUGH
- BULKY CLOTHING
- Transitional glasses, make sure they are a regular lens or just bring frames with no lens
- Don't just bring blacks, greys and whites! You need colour too!

ACTORS

The best place to get character wardrobe ideas for your acting headshots is by watching your favourite TV Shows/Movies and researching what lead roles wear. Especially the type of characters you are trying to brand yourself as playing. Bring clothes you feel good in and colours/styles you love to wear. Bring us plenty of options to do a wardrobe consult with you and pick out the best looks/outfits. If you need more help, have a look through our headshot galleries and see what works.

Think about the character types that you will be going to auditions and cast for and match the wardrobe for those character type looks. If you have an agent please talk to them about looks that they may want done during this headshot session.

EXAMPLES OF POPULAR CHARACTER LOOKS TO WEAR WARDROBE FOR

Girl next door, nice guy, tough guy/girl, punk, jock, nerd, cute girl, sexy/hot girl, hot guy, business man, college guy/girl, gangster, doctor, nurse, lawyer, cop, security guard, sci-fi, mom, dad, grandma, grandpa, uncle/aunt, best friend etc. (discuss with your talent agent!): Please bring solid coloured tops, from dark tones to bright tones (black, grey, blue, pink, green, red, grey, orange etc.). A variety of different styled top such as button up shirts, dress shirts, t-shirts, tank tops, one piece dresses. **No logos or busy patterns or graphics.**

Women: PLEASE make sure you bring proper matching undergarments, this is to avoid seeing the colour of the bra through your top (many tops these days are very sheer - for example a client brings a white shirt but only has a pink bra, make sure you bring undergarments that don't see through the top that your wearing!!!).

So it's good to bring a black, white and nude bra if you have.

Jackets: Jackets are great for looks such as a sports jacket, suit jacket, leather jackets, jean jackets etc. Again, solid colours i.e. black brown and navy.

Bottoms: A pair of jeans can be worn for the shoot as we only shoot as low as the belt line. No need to bring a variety of shoes.

HAIR AND MAKEUP

If you are not having your hair or makeup done professionally by our staff, please make sure you keep it natural, easy on the eye liner and eye shadow. Use a good foundation. Keep your lipstick of a light or medium tone, nothing too bright or crazy! We have a variety of hair sprays at our studio for touch ups.

GUYS & SHAVING

Guys you are more than welcome to bring your shave kit if you want to do a facial hair look then shave for a cleaner cut look.

WE HAVE A STEAMER AT OUR STUDIO so don't worry if your clothes get wrinkled in your bag or suitcase.
